Jane Covington—
Newsletter Editor**

From the Editor...

The Doll Show is just around the corner...

And I hope everyone is making that special doll to enter!

Bev Loftis is being hospitalized for a laparoscopic heart valve procedure-she is expected to be back up and recovered before the doll show. Please keep her in your thoughts and prayers.

At the September meeting, members were recognized for their years of membership in MDMG. Karen Hayes and Karen Tracz were presented with orchid plants and certificates celebrating their 30 years of membership!!

Many of you may remember June Goodnow, a NIADA artist who was my house guest and did a doll sculpting workshop many years ago. An excellent teacher, she taught us to make a magnificent native American male doll—Since I had been in her class before, I made the female Indian doll in the class at my home.

June and I corresponded by e-mail for many years before she became ill with breast cancer and her life took a sad turn as she returned to California to take

Photo by Ila Hoetger

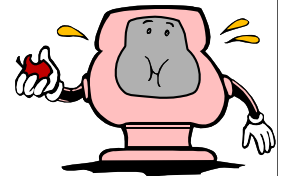

Care of her ailing father. She did very little doll work after that and her cancer progressed. She died August 19, 2010. The doll world has lost a very talented doll artist and a very caring and helpful teacher.

Anyone needing Doll Competition forms or Table Contracts may find them on the MDMG website, or let me know and I will send copies.

See you at the meeting!
